Summary

Passionate **Frontend Developer** skilled in building responsive web apps using **React.js**, **JavaScript (ES6+)**, **HTML5**, **CSS3**, **SASS**, **Tailwind CSS**, and **Bootstrap**. Strong grasp of **UI/UX principles**, component-based architecture, and cross-browser optimization. Proficient with **Git**, **GitHub**, and **Vite** for efficient workflows. Experienced in projects like **FreshCart E-commerce (React + Tailwind)**, modern landing pages, and interactive apps. Pursuing a **B.Sc. in Computer Science** at the Faculty of Computers and Artificial Intelligence, Benha University. Seeking a **Frontend Developer** role to build scalable, user-focused web experiences.

Education

Faculty of Computers and Artificial Intelligence, Benha University — Expected 2026
Bachelor of Computer Science (CS Department) — *Benha, Egypt*
- Focused on Software Development, Frontend Engineering, and Web Technologies.
- Built multiple web projects using React, Tailwind, and Bootstrap.

Experience

ITI (Information Technology Institute) — 2024
Summer Training — Web Development Using React — *Online / Egypt*
- Developed interactive UI components using React, React Router, and Tailwind CSS.
- Implemented responsive layouts and learned best practices for frontend performance.

Root Academy — React Course — 2024
Online Course — *Remote*
- Completed advanced React concepts including Context API, custom hooks, and project structure.
- Created hands-on projects to strengthen React fundamentals.

Projects

FreshCart | *React, TailwindCSS, Vite, React Query, Axios* — GitHub
- E-commerce web app featuring cart, wishlist, product browsing, and authentication.
- Implemented secure routes, API integration, and a fully responsive UI.

Tailwind Landing Page | *HTML, Tailwind CSS, Remix Icon* — GitHub
- Modern responsive landing page built with Tailwind utility classes.
- Includes hero section, testimonials, footer, and smooth responsive layout.

Bootstrap Landing Page | *HTML, CSS, Bootstrap 5* — GitHub
- Interactive multipage landing page with carousel and cards.
- Demonstrates Bootstrap components and grid-based responsive structure.

Typing Speed Test Game | *HTML, CSS, JavaScript* — GitHub
- Typing game with timer, score tracking, and difficulty levels.
- Responsive interface with clean design and popup results.

To-Do List App | *HTML, CSS, JavaScript* — GitHub
- Task management app with search, filters, dark/light mode, and progress bar.
- Data stored locally using LocalStorage.

Elzero Template Clone | *HTML, CSS, Font Awesome* — GitHub
- Responsive clone of Elzero Web School template.
- Practiced reusable UI components and CSS architecture.

Technical Skills

Languages: HTML5, CSS3, JavaScript (ES6+), TypeScript

Frameworks & Libraries: React.js, React Router, React Query, TailwindCSS, Bootstrap, Sass

Tools: Git, GitHub, Vite, npm, Figma (UI Design), VS Code

Concepts: Responsive Design, Component-Based Architecture, State Management, API Integration

Other Skills: Problem Solving, Self-learning, Team Collaboration, Time Management
